Easyline™

Good in price, best in quality

With EASY LINE, Tecnocut enables all Customers to avail themselves of a topmost performance plant with a moderate investment.

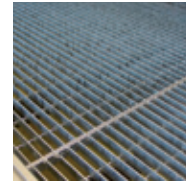

Tecnocut's technological development, achieved after twenty years' experience, has led to manufacturing top performance machinery while abating production costs, all strictly Made in Italy.

1 Console
Mobile console with portable PC.

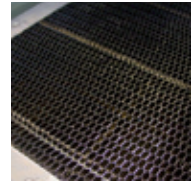

2 Handling
Accurate handling by rack and pinion, protected by heat-welded bellows for ensuring perfect tightness against water and dust.

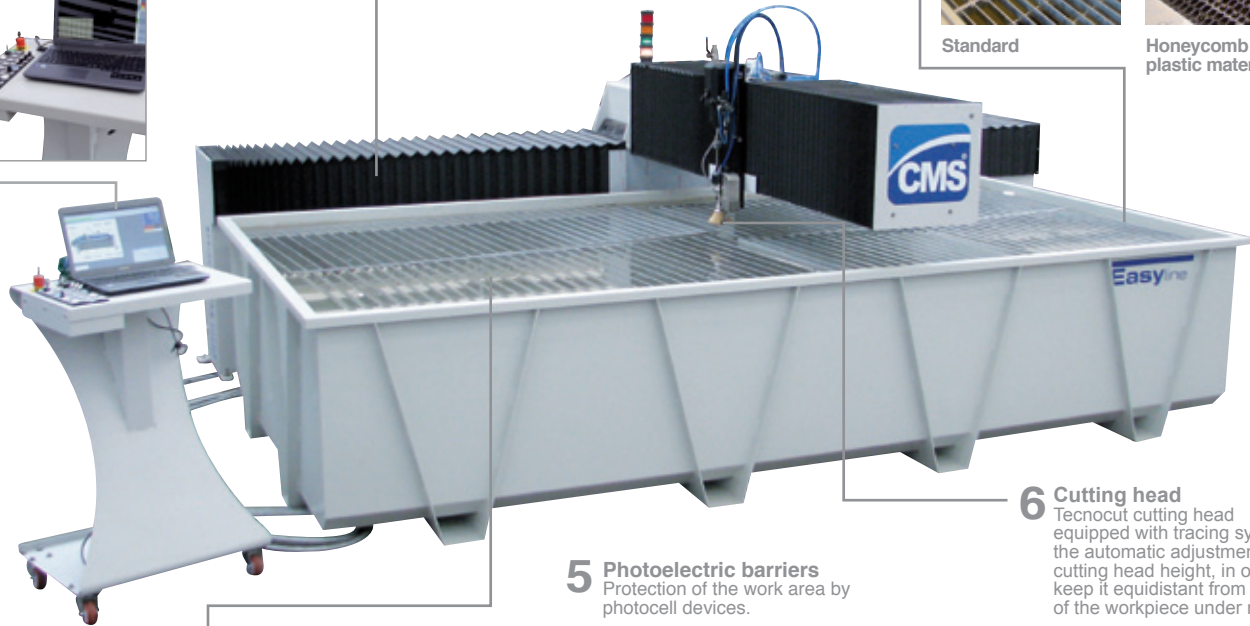

3 Rest surfaces
Surfaces dedicated to different cutting applications.

Standard

Honeycomb grid for plastic materials

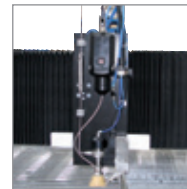

4 Base
The independent tank structure has three free sides and enables loading the system handily.

5 Photoelectric barriers
Protection of the work area by photocell devices.

6 Cutting head
Tecnocut cutting head equipped with tracing system for the automatic adjustment of the cutting head height, in order to keep it equidistant from the surface of the workpiece under machining.

Specifications

Model	2020	2040	2060
X axis	2000 mm	4000 mm	6000 mm
Y axis	2000 mm	2000 mm	2000 mm
Z axis	220 mm	220 mm	220 mm
Rest surface	2210x2225 mm	4210x2225 mm	6210x2225 mm
Overall dimensions	2936x3393 mm (no photocells)	4936x3393 mm (no photocells)	6936x3393 mm (no photocells)
