Founded in 1969, CMS SpA (Costruzione Macchine Speciali) merged together four companies under the brand CMS Industries which has reached a turnover of 100 millions Euros, with 3 production facilities, 4 subsidiaries and a worldwide sales and service network. CMS Industries is specialized in producing multi-axis CNC machining centers, thermoforming machines, CNC routers and waterjet cutting systems which represent the answer to the high demand of the leading industries in the Aerospace, Automotive, Marine Industry, Wind Energy, Stone, Glass and Wood sectors. This wide products line, joining together quality and precision, offers a comprehensive range of flexible, innovative and cost-effective solutions to cover several production phases or to be customized for specific processes. From 2002 CMS SpA is part of SCM GROUP ([www.scmgroup.com](http://www.scmgroup.com))
